Our Community Matters

YMCA Core Values:

HONESTY, CARING, RESPECT, RESPONSIBILITY, & INCLUSION

We aim to offer programs that demonstrate and instill our core values. Specifically, in sports, we prioritize teaching good sportsmanship and fostering a positive attitude among all players, who should always strive to embody these values.

Everyone Plays!

At the Y, every child is given the opportunity to play and learn. Our dedicated coaches and staff work tirelessly to provide guidance and education both on and off the court.

Player Evaluations

In order to ensure fair and balanced teams for each season, we assess players in grades 3 through 6 at clinics. This helps us create teams that are evenly matched.

Local Practices and Games

All of our practices and games take place in Hastings, either at the nearby schools or in the CERC gym.

Knowledgeable Leaders

The referees and clinic instructors consist of players and coaches from Hastings High School.

Financial Assistance

The Y welcomes all who wish to participate and believes that no one should be denied access based on their ability to pay. Our funds to provide financial assistance and scholarships are provided by the Barry County United Way and the Y's Partners for Youth annual campaign.

City Discount of \$10 off for all families who live in Hastings City Limits.
